**RE: Decker Manufacturing Corporation**  
Our File No.: 71

Dear Mr. Smary:

I am in receipt of your correspondence regarding the status of the property adjacent to the Albion/Sheridan Township Landfill. Mr. Moilanen has handled the acquisition of these two properties on behalf of Decker's subsidiary. I believe the subsidiary has purchased one of the properties and has a signed Purchase Agreement with regard to the others. As I understand it, there have been some minor title issues that have slowed up the closing on the second property and I am not sure if the closing has taken place yet. Mr. Moilanen is out of the state this week, but should be able to respond more fully to your letter when he returns next week. Please contact me if this delay poses a problem for you and your clients.

As you know, Decker agreed to make the necessary arrangements to obtain these properties and to perform certain aspects of the operation and maintenance activities in order to implement the Unilateral Administrative Order issued by USEPA. The inability of the UAO recipients to agree on a fair allocation has forced Decker to implement these portions of the UAO-required work independent from Cooper Industries and Corning, Inc. Decker, however, intends to cooperate fully with your clients to insure that the work required by the UAO is completed. Toward that end, it would be helpful if your clients would advise Decker regarding the specific activities they need to carry out on these properties. I know Mr. Moilanen has requested this information in the past, but to my knowledge, has not received a response.
